

Wiring Accessories

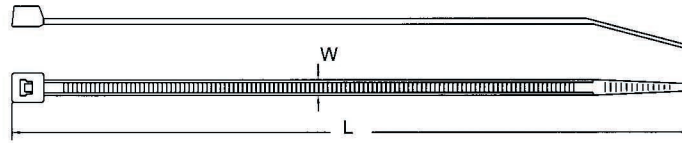

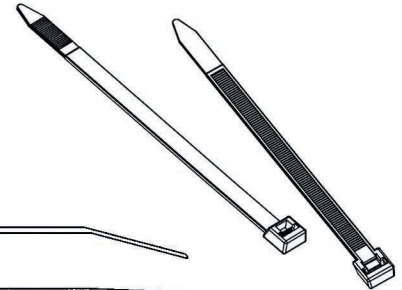

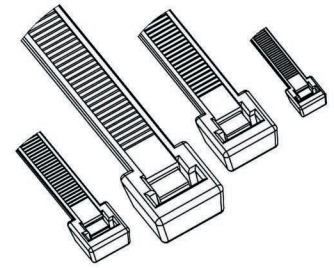

- Dimensions are for reference only.
- All sizes are subject to change without prior notice.
- User shall determine the suitability of the product for his intended use.

Micro Plastics, Inc. <http://www.microplastics.com>
#1 Industry Lane • Hwy. 178 North • P.O. Box 149 • Flippin, Arkansas 72634

Nylon Cable Ties

- Manufactured from tough, durable Nylon 6/6 material which is self extinguishing to U.L. 94V2.
- The Nylon is inert to fungus or mold and is resistant to petrols, oil, grease and alkalis, etc.
- Ties can be tensioned by hand or by the use of applied tensioning tools.
- PARTS ARE PACKAGED 100 PIECES PER BAG • PURCHASE IN PACKAGED QUANTITIES ONLY
- MEETS THE REQUIREMENT OF MIL-S-23190E

Nail In Cable Clips (Single, Round Cable)

Molded Nail-In Cable Clips are used to safely install cable T.V., fiber optics, computer networks, telephone and other communication systems, hydraulic and pneumatic systems. The clips are molded in tough, electrically insulating, ultra violet resistant, high density Polyethylene. Main stress areas of the clip have reinforcing ribs designed into the part to strengthen and absorb the impact. The Nail-InClips have all contact edges radiused to protect cable or tubing from damage. Clips are supplied with heat treated, galvanized steel nails pre-assembled, ready for use in masonry, wood, plaster, or stucco. Clips are easily and efficiently installed, resulting in a low in-place cost. Nail-In Clips are stocked in the most popular cable sizes ranging from 4mm to 9mm including the RG59 and the double shield cables.

Open/Close Bushings

- Material: UL approved HEAT STABILIZED NYLON , 94V-2 (Black)
- Protect wire cable tubing and hose from sharp, uneven drilled or punched holes in sheet metal.
- For 1/32" - 0.8mm to 1/8" - 3.2mm chassis thickness.
- Finger-tip pressure to install. No tool is needed.
- Can be applied after power cable was installed.

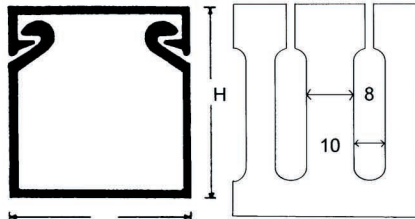

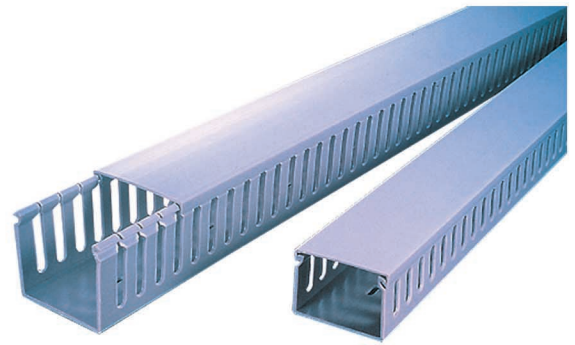

PARTS ARE PACKAGED 100 PIECES PER BAG • PURCHASE IN PACKAGED QUANTITIES ONLY

Wiring Duct (open slot)

- Material: High impact, self-extinguishing, warp-proof PVC (Polyvinyl chloride)
- Color: Grey
- Maximum service temperature: 50°C
- These devices are for routing of wires within devices in factory installations where the suitability of use will be determined by UL during the end use investigation.
- Features parallel holes on both sidewalls to facilitate cutting in wire application.

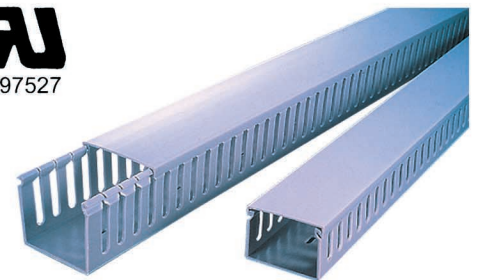

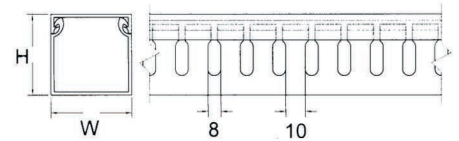

*SLOT DIMENTION APPLIES TO THE SLOTTED DUCT ONLY
